

# Your Partnership Badges

## Let's promote our partnership to inspire more schools to join us

As a valued partner, who's working together with the UK's leading social mobility charity, we would love you to promote our partnership and talk about the ways we're providing life-changing work experience and inspirational talk opportunities for your students, and encourage more schools and colleges to do the same.

Please choose from and download your partnership badges to display on your school/college website, newsletters and email signatures – and add a [hyperlink](https://www.speakersforschools.org/) to our website: <https://www.speakersforschools.org/>
